

Empowering charities in the new normal.

Charities today face dynamic risks, reduced funding, increased compliance, and security challenges that affect their capacity to serve society. The **Charity Risk Information Exchange (C-RIX)** helps manage critical risks proactively and collaboratively across the ecosystem, ensuring your organization remains operationally resilient. The best part, it's **completely free**.

Protect against
fraud and
cybercrime

Achieve
compliance

Reduce costs

Maximize
donations

Peer-to-peer
data sharing

Regular health-
checks for
effectiveness

To try an obligation-free **RIX** platform demo or to support the initiative, reach out to: enquiries@corizance.com with your name, designation, and contact details.
